## Rotarians Honored District Gov. Farley

Cal Farley

Wednesday night the Hamlin Rotary Club enjoyed a pleasant banquet hour at the Morgan Hotel, honoring the District Governor, Cal Farley, of the 127th District.

It is the duty of the District Governor to visit all of the 55 clubs in his district during his term of service. Rotarian Farley has one daughter, Miss Gene, named after the famous clubs. Their program consists of piano solos, vocal solos, duets and tap dancing. And nothing is allowed to be formal where Cal Farley is. He is just a typical old American who thinks and talks as he pleases. We said "old"—no, not old at all, not even appears old, but Farley does claim he won the World War; that is, part of it.

Winning the first World War, however, is just one of his many accomplishments and while he does not have any certified record of winning World War One, he does have positive proof that he won the Welterweight Wrestling championship of the A. E. F. and Inter-allied games in Paris in 1919. He has wrestled twice for the world's championship since that time, being defeated both times by Jack Reynolds. Despite his extravagant claims on World War One, Farley does have a discharge (honorable) from the army which shows he took part in seven battles. He modestly admits he won each of those fights.

Said Farley to the assembled Rotary Anns: "District governors have been going along all these years working with the men and ignoring the women and you see what a 'shape' they've gotten Rotary into. I'm going to ignore the men and work with the women and see what the results will be."

Farley's greatest love, and the only thing he has ever been serious about, is boy's work. Years ago Farley saw the need of doing something for the underprivileged boys, and with a group of similar minded fellows he aided in organizing Amarillo's famous Maverick Club in 1933. He has been president of the

## Soft Ball Games Are Increasing Attendance

Last Friday night the brightly lighted ball field attracted a larger crowd than usual.

This Friday night reports are that the Anson crack team is coming to tackle Hamlin's Speedsters.

Maybe a few fast games will stimulate greater interest. The cost is 5c and 10c—hardly enough to pay the light bill. Play soft ball!

## Have The Banner Milk Delivery

This is to inform the people of Hamlin that I have taken over the delivery of Pasteurized Banner Milk, that was formerly delivered by Mr. Webb.

Also, I have the raw milk, grade A, including cream, for delivery. It will be a pleasure to deliver either kind to your home. Phone 38 for arrangements of delivery. Every cow we have has been inspected and oked.

Mavericks since its inception. That club has achieved a national reputation for its work and has been invaluable to Amarillo. It has 400 members. Out of the work with it grew the idea for Boys' Ranch which is located at Old Tascosa, 35 miles northwest of Amarillo. This is for boys without homes or in trouble. Boys' Ranch and the Maverick Club are both sponsored by the Amarillo Rotary Club.

There are 32 boys at Boys' Ranch and it is fast growing into one of the nation's largest. The boys do their own farming, milk their own cows, go to their own school and live there working and playing until they graduate. Their first graduate this spring was a top hand and is now holding down a good but hard job as a plumber's helper and is supporting his mother and two smaller brothers.

## ROTARIANS' ANNS PRESENT

A summer time banquet is usually a hot affair, but not so Wednesday night. If anything Cal Farley appreciates it is comfort. So when Rotary President Forrest Greenway appeared with his guests, and wearing a coat, Cal says, "Forrest, you surely are not going to embarrass the Governor by wearing a coat." That set the tempo, and as each Rotarian appeared with his Ann, Forrest said, "Park your coat." Now just why wear a coat in the summer time, anyway? The affair turned out to be delightfully cool and informal.

The guests of the club were Mrs. Harry Pitzer (formerly Myrtle Cassle) of Oklahoma; Mrs. Fay Young Morton, Mrs. Gerald Morgan and Lion President Henry Albritton and wife. Only three Rotarians were absent, and only three Rotarians came without their Ann.

## Attended Wedding (?) Saw Highway Com., Sunburned At Gulf

Last Thursday W. C. Russell and Mr. and Mrs. Travis Dean left for Austin . . . kindly killing several birds with one stone. It was the time to see Molly married. Every Texan was invited. But reports are that Ted was in class "3" and along with several thousand others of the same class, cold only get a little glimpse of the distinguished couple. Mr. and Mrs. Dean didn't even try—they took "dinner" with the Speaker of the House, Mr. Leonard, and escaped the jam.

Friday the men met the Highway Commission and once more told them the Hamlin-Rotan road should be finished.

Saturday, according to reports, the Deans spent fishing and tanning on the beach at Freeport. There was plenty of sun-tan evidence when the couple returned about Monday from the water's edge. Three-tone Nylons are fashionable these days, and how?

Ted Russell seems to think there are too many people in Texas to see one wedding. He must have been squeezed in the discontented, and disappointed mass of people, common people, some of whom had driven from the "up state" to see the wedding.

## Meet The New Governor of Texas

GOV. COKE R. STEPHENSON

A native son, a pioneer rural man, a rancher, a long experienced legislator, two times elected Speaker of the House, two times elected Lieutenant Governor of Texas, the Hon. Coke R. Stephenson, Governor of Texas. Governor Stephenson well merits all the honors this state has bestowed upon him. He is but 53 years of age, a grandfather and statesman.

## And The New Senator

SENATOR W. LEE O'DANIEL

The most sensational candidate ever to run for office in Texas. The one who has to his credit the defeat of more opponents at one time than any other man ever to hold the high office of Governor of Texas. Elevated to the august seat of United States Senator from the Governor's chair, Senator W. Lee O'Daniel.

### Here's Something Worth Attending

There will be a Field Day sponsored by Farm Security Administration and their agricultural agencies, Friday, August 15, 1941 from 9:30 A. M. to 4:00 P. M., at Vernon Mayfield's Tenant Purchase Farm, (known as Gay farm) 1 1-2 miles Northeast of Wise Chapel School.

How can you make your farm pay? How are other farmers doing this? Suggestions and ideas will be given for improving dairy herds, chickens, hogs, land. If you wish to go with us from Anson, meet North side of the Courthouse at 9:00 A. M. Picnic lunch will be served at the farm. Your presence will help make the day more profitable.

FSA loans, family farm and home plans and records are helping farmers help themselves and their country.

Public Invited. Remember the day, Friday, August 15, 1941.

WHAT?—Field Day, sponsored by Farm Security Administration and other agricultural agencies.

WHERE?—At Vernon Mayfield's Tenant Purchase Farm—5 miles E. and 1 mile S. of Hamlin or 1 1-2 miles Northeast of Wise Chapel. The farm is known as the Gay farm.

HOW?—Picnic lunch will be served at the farm.

WHO?—Everyone is invited.

WHEN?—Friday, August 15th, 9:30 A. M. to 4:00 P. M. (41-2t)

Mrs. Jim B. Miller and sister from Seymour, Mrs. Fannie Laney, left Tuesday for Crosbyton to visit their sisters, Mrs. Bode Comings and Mrs. Steve Richardson and their families.

Mr. and Mrs. James Bailey and little daughter, Patricia Jean, age 2 1-2 months, have returned from Galveston where they have made their home for the past six months.

The Board of Trustees of the Hamlin Independent School District have authorized the announcement of the opening of school. Registration will begin Thursday, September 4, and will continue through September 5. Regular classes will begin Monday, September 8th.

Several changes in the faculties for both the Elementary and High school have been made and a full announcement of the beginning program with a list of all the teachers will appear at a later date. One vacancy at present remains to be filled.

G. R. BENNETT, Supt.

Tuesday at the weekly luncheon of the Lions club, three new members were admitted to the club. Joe Culbertson conducted the ceremony which initiated W. H. Eyssen, Jr., W. L. Boyd, Jr., and Harold Newberry.

President Henry Albritton, who with his wife attended the Lions International Convention at New Orleans, La., gave a lengthy report on the four-days' activities.

Lion Albritton reported the Lions Club as being the largest organization of its kind in North America, having more than 4,000 active clubs and more than 150,000 members.

Mr. and Mrs. Ben Wilkerson and children, Bennie Doris and Jimmie Lewis spent the week end in Graham with their mother, Mrs. Annie Wilkerson and sister, Mr. and Mrs. Joe Roberts.

## BAPTIST CHURCH

Our revival at Munday closed last Sunday night. We enjoyed our work there, and feel that we had a very fine meeting. There were 11 professions of a faith, a number of rededications, and four who united with the church by letter. We missed Hamlin, however, and are looking forward to the service Sunday morning.

Will you not put forth a special effort to be in the service? The sermon subject is "A Practical Compassion." Every Christian should hear this message.

We will be preaching in a meeting at Boyd Chapel beginning Friday night. (I will be here Sunday morning.) I hope a large number of Hamlin people will help us in that meeting. If you will come praying, it will help.

Let's begin swatting this summer slump. Many are away on vacations, etc., but we must carry on for the glory of the Lord.

H. E. East, Pastor

A LITTLE BIT ABOUT

*This*  
AND A LITTLE BIT OF  
**THAT**

### Too Much Abbreviation

—In this age of America we have let ourselves drift into the use of abbreviations, till the sight of most of them is meaningless.

—For example, how many will quickly recognize U. S. N. and more especially if it is written USN. Certainly that abbreviation is one of this nation's oldest and everybody should know what it means. Do you?

—Now pick up any little paper. Maybe you will see USDA—now what does that mean? In many cases we see this and that abbreviation and probably read about "something" and finally figure out what the jumble of letters stand for. Now what does T. M. T. A. mean and what does USO mean, and what about a jillion other letterings so common in talk and print? Most agriculturists quickly understand what AAA means.

—So many letterings are a sign of laziness. If one is writing or talking about a thing why not call it what it is instead of dulling the mental picture by condensing it into a puzzle pile of letters? Well, maybe it saves time.

—T &amp; T—

### Canada At War

—Not many people, this far south, stop to think about our neighbors to the north as being in war. They are and deeply, not so much because they are afraid of somebody coming in on them in the near future, but they are looking in a perhaps distant day when and if England should be conquered and its dominions dominated by the common enemy.

—So Canada is at war. Each week newspapers of the United States are furnished public information on what they are doing.

—Canada is so closely tied to this Republic of the United States till every American should be in deep sympathy with them in their great spirit of defense, and their defense starts in Europe. Canada is large in area but small in population, but no nation can tell of greater fighting men than Canada. Canadian boys are very similar to Texas cowboys.

A University of Texas ex-student signed up with the Royal Canadian Air Force has "pulled wires" to get himself across the Atlantic in record time.

Robert C. Hilterbrand of Dallas, a student at the University last

year, was so anxious to "get an early 'crack' at 'Jerry'" that he obtained a transfer from a Canadian flying school to a gunners' school—thus cutting his training period from several months to only 23 days!

"Though it means less flying, I'll be in England in the scrap and not in Canada with hopes that I might not see fulfilled," he wrote Assistant University Registrar, Max Fichtenbaum.

"It's risky work, but I don't think the Germans can lick any Texan," he added.

Hilterbrand said he would be entitled to wear lieutenant pilot-gunner wings when sent overseas.

Also enrolled in an RCAF training school in Canada is George Woolrich, son of University Engineering Dean W. R. Woolrich, Hilterbrand said.

—T &amp; T—

### Japan Winning Diplomatic Fronts

—It is important to note that Japan is aggressing satisfactorily in her spread towards the south along the independent nations of south Asia. That is, satisfactorily for Japan. Japan is spoken of as a nation, very different to that of any other country murderously overrunning other nations. There is no outstanding personality spoken of in Japan like that of Germany, Italy, Russia, or even England or America.

—Just where all this taking of other people's territory will stop, no one this early can foretell. Rumors are that big forces are piling up in the area of Indo-China, Thailand, and Java. It seems a race of who can get there first with the deadliest weapons.

—It is hard to keep track of all that is going on in the world today. In the far reaches of Russia, that nation with all of its gigantic forces is struggling to hold back a ruthless horde of Huns. What the Russians are enduring may be what they deserve, yet who is it in America who would have the Russians defeated and the Russian resources fall into the hands of Hitlerism? The more Hitler gets the harder and longer it will be for the English peoples to counteract his power to dominate the world.

—Some people seem not to be afraid of the German movement. That may be a good psychology. No one in this nation should really be afraid of the German or any nation or personality, but to buy a good gun to kill a polecat when you know it is in the woods near by, is no sign of fear, but darn good common sense. The thing may not get close enough to bite one but the smell would upset your accustomed way of life. Should Japan get control of the Pacific Ocean our western coast would not have the delicious smell it now has. Let's not forget the Japs too.

### Congressman Russell Making Good Record

Washington, July 7—Congressman Sam Russell of the Seventeenth District of Texas was designated Speaker of the House of Representatives in this afternoon's session. The elected Speaker may delegate this authority to another member of the House and Congressman Russell was called to act as Speaker shortly after the order of business had progressed into the afternoon.

Although Congressman Russell is serving his first term in Congress, he is recognized as one of the ablest members of the Texas Delegation. From his record he has demonstrated his ability in the procedure of the House and has, on several occasions, appeared on the floor as a speaker in matters of important legislation. Ordinarily a Congressman must serve his first term, which is referred to as his "Freshman Term" before he is able to gain recognition in this law-making body.

Those familiar with Congressman Russell as a presiding judge in Texas District Courts viewed with interest the ease and efficient manner in which he presided over the actions of Congress while acting as Speaker of the House.

R. R. Kelly of Houston is a guest in the home of his daughter, Mrs. Bill Eysen this week.

## FATHER DEAD

Bill Thomas' father died at Colorado City Tuesday morning after a long illness. The funeral was on Wednesday. Mr. Thomas has the sympathy of all his friends in Hamlin.

John F. Green is back from Mo. where he had taken a summer course in the University. John is laying a good foundation for law.

### Maybe the Youngest Defense Bond Buyer

Ralph Samuel Schoemann, age 8 weeks, is now on the roll as a Defense Bond buyer. A relative made the young fellow a present of the purchase price of the bond and thus when he is ten years old a nice profit will be ready.

### 4-H Gold Star Girl Is Honored at McCaulley

Green and white appointments were used at a tea honoring Miss Faye Lee, Fisher county Gold Star girl Thursday afternoon, July 31st, from three to five.

Hostesses were the McCaulley Home Demonstration club and Mrs. Louis Boyd, the 4-H sponsor and invitations were sent to each 4-H club and sponsor in the county.

Guests registered in Faye's scrap book, assisted by Mrs. L. B. Miers. Marigolds and evergreens decorated the punch table where Mrs. Luther Maberry and Miss Gertie Mason presided.

In the receiving line were Mrs. Louis Boyd, Mrs. Ellis Eivens, Miss Faye Lee, Mrs. W. C. Lee and Mrs. John Reynolds of Abilene.

The program was in charge of Mrs. Joe Miers and included musical selections by Miss Emma Sue Hennington. Welcome by Mrs. Ellis Eivens; Piano Solo by Betty Blanche Miers; Duet, by Laverne and Leveno Maberry; Reading by Patsy Ann Miers; Story of Faye's club, work by Mrs. J. A. Jackson and a tap number by Betty B. Biers and Bonnie Beth Jones.

Plenty of good old pre-streamline cars with OIL-PLATED engines still pass your house quietly... pass newer cars on the road... pass oil-inspection many a time without needing a quart. That's because inner engine parts have been kept OIL-PLATED by the strong magnet-like action that won't let OIL-PLATING quickly drain down. Those present at the wedding were Mr. Isbel's brothers, Walter Isbel of Port Arthur and Emery Isbel of Houston, and Mr. and Mrs. Claude Carnes and daughter of Houston. Mrs. Carnes is a sister of Mr. Isbel.

Miss Juanita Patterson was the daughter of Mrs. W. D. Patterson. Mr. Isbel is employed with a shipping company of Port Arthur.

Mr. and Mrs. Isbel will spend their honeymoon visiting relatives in West Texas. After they return they will make their home in Nederland.

## Call For Volunteers To Quilt for Britain

The quilt committee for British aid has accomplished a lot in the past several weeks but now needs some help to quilt. You women and girls, who haven't pieced on the quilts, nor given materials, won't you help us quilt? A number of pretty and useful quilts, already completed, will be displayed in the stores next week. Go see them.

If you will help quilt next week, day or night, please phone Mrs. Frank Waggoner on Monday to find out where the group will be, so you can join them. The quilt committee is anxious to finish the quilts so it can send them in and they can be sent on to Britain where they are badly needed.

Mrs. Wiar's group met at Miss Eleanor Temple's Tuesday night, and will meet next Tuesday night with Miss Nadine Morgan. Anyone who wants to help and wants to know in which group she belongs, one for information to Mrs. Frank Waggoner, also if any group quilting club in or near Hamlin will volunteer to help us, please phone Mrs. Frank Waggoner, or Mrs. J. E. Moody.

## Miss Ama Belle Alexander Married In Ardmore, Okla.

Miss Ama Belle Alexander, the daughter of Mr. and Mrs. C. Alexander, recently new citizens of Hamlin, and Mr. Brice E. Hendrix, son of Mr. and Mrs. B. E. Hendrix of Wichita Falls, were married Sunday afternoon, at 3:00 o'clock in Ardmore, Oklahoma. The ceremony was read in the Ardmore Nazarene church by the pastor, the Rev. W. H. Snow, a relative of the bride. Only members of the immediate families and intimate friends were present.

The bride wore a blue sheer dress with navy accessories, and a pearl necklace which belonged to her mother. Her flowers were a shoulder corsage of red gladioli. She was attended by her cousin, Miss Wanda Snow, of Ardmore, who wore a dress of dusty pink crepe with white accessories and a corsage of white gladioli.

J. T. Gee of Wichita Falls, served as best man.

Following the ceremony the couple went to Oklahoma City to make their home, while Mr. Hendrix is in training in a Government camp.

## MISS ANNIE LAURIE JOHNSON GETS DEGREE AT GREELEY

The Master of Arts degree will be conferred on Annie Laurie Johnson, daughter of Mr. and Mrs. W. F. Johnson of Hamlin, in a picturesque twilight graduation ceremony in the Garden Theatre at Colorado State College of Education in Greeley, Colorado, Thursday of this week, August 7th.

Miss Johnson has been attending the Summer School at this prominent teacher training institution together with nearly 2500 other school teachers and administrators from all parts of the United States.

... that's the kind of bargain Your Electric Servant brings YOU NOW under Business Operation

1. Twice the speed. Electric servants breeze through your housework in less than half the time it used to take—at about half the cost. Your bill maybe is about the same as it's always been, but you now get more and better service, plus better lighting, for about what you used to pay for lights alone.

2. Twice the labor saving. Ask the woman who owns a washing machine what electricity has done for her! At present-day low rates, you can afford to use most all the modern appliances. Today electric rates are only about half what they were 10 to 15 years ago. You get about two or three times as much for your money!

3. Twice the light. No blackouts here! Today you can get twice as much light as you used to, for the same money. Electricity today costs only about half as much. (Light bulbs are twice as efficient, so you get four times as much today for the same money.)

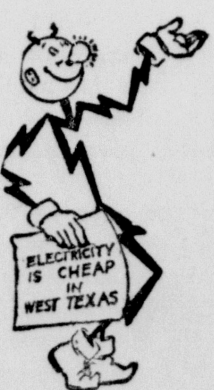

4. Twice the comfort. Constant research is developing new and cheaper ways of using electricity. Air conditioning this past summer reached more homes than ever before, bringing cool comfort at small cost. Other usages are being constantly improved at no extra cost to you!

Credit for the steadily improved service to you at steadily reduced rates is due the trained and experienced men and women of this organization. They have devoted many years to the highly technical problems of electric generation and distribution... all without interruption and at low cost.

Letters  
from the  
People:

"We used to pay 15 cents a kilowatt-hour. The low rates today enable us to use our many appliances without being extravagant. Besides lights, we now have range, water heater, Frigidaire, sweeper, air conditioner, iron, percolator, toaster, waffle iron, radio, fans and heating pad—making for better and more economical living.... The West Texas Utilities always renders courteous, prompt and efficient service for which we are grateful."

## POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Mr. and Mrs. N. E. Porter of Saltillo, Texas, and two daughters, Mrs. Lundo of Carlsbad, N. M., and Mrs. Shultz of Carlsbad, were week end guests in the homes of Mr. and Mrs. Louis Rector of McCauley and Mr. and Mrs. Rush Rector of Royston.

Mr. and Mrs. L. E. Rector and daughter Patricia spent their vacation last week in Ruidosa, N. M., and also visited Juarez, Old Mexico. Cisero, (Pa) Martin accompanied Mr. and Mrs. Rector as far as Carlsbad where he will visit for a few weeks with a daughter, Mrs. Cypert.

Mr. and Mrs. Homer Rainey of Hamlin and Mr. and Mrs. R. L. Miers of McCauley are spending their vacation in Ruidosa, N. M., and the party is expected to return this week.

Mr. and Mrs. Sim Reeves and daughter Mary Frances of Ballinger spent the week end with parents Mr. and Mrs. S. E. Miers.

Bennie Fancher, Bill Maberry and Howard Miers of Lamesa were visiting friends and relatives in McCauley last week end.

Peggy Darden of Abilene is visiting for two weeks in the home of Mr. and Mrs. Geo. Darden. Miriam Parks of Jayton returned home last Sunday after a two weeks visit with Bess Darden.

Mr. T. R. Rogers of Dallas, secretary of the Texas Cotton Growers Gin Co., was looking after their interests in McCauley last week.

Bess Darden entertained with a birthday party honoring her cousin, Miriam Parks on her sixteenth birthday on Wednesday, July 30th. The younger set enjoying the occasion were J. B. Jayro, Helen Smith, Velma Lou Boyd, Tillman Henson, Joy Henson, Ray, Evelyn and Bynum Akins, C. E. Dick, Jr., Clyde and Edgar Lewis, Miriam Parks and Bess Darden.

Mrs. Flora Lee Rector, daughter of Mr. and Mrs. Hub Parker is visiting parents at their home south of town.

J. A. Parks, hardware and implement dealer of Jayton, spent Sunday in the home of this scribe and family. Mr. Parks tells us that crops are good in Kent county.

The chain gang has about finished measuring land in this county, "thanks be", and as far as we know most of the farmers are satisfied, however, some had too much cotton and some had too much feed, but after all it's a grand world.

One of the most complete water systems to be found on any farm is on the Hunter farm, two miles northwest of McCauley. Melvin and Joe Hunter, who operate the farm, have worked out a water system which even a city or town would be proud. And due to a supply of water the Hunters not only have water piped to the barns, home and yards, but also their gardens, which are growing tomatoes and dozens of other vegetables for home use as well as commercial. The Hunter farm consists of 160 acres of which all is terraced and contoured, except a small pasture. The Hunter home is modern with most every convenience that is to be found in the city home, including electricity. It wouldn't be a bad idea to stop by the Hunter farm when out their way and Melvin might even ask you to stay for dinner.

Mr. and Mrs. Frank Maberry, son Jack and granddaughter Patsy, have returned from a two weeks vacation in sunny California. Mr. Maberry and Jack went to see the horse races at Santa Anita, the day of the big seventy-five thousand dollar race when a dark horse came from be-

hind to win the rich stakes. Mr. Maberry tells us that even though California is a beautiful country, West Texas still looks good to him.

O-O-O-O

The war almost had to come to a halt while Molly and Jack got married and we have read and heard so much over the radio about the wedding that we can almost weep with joy, now that the wedding is over and Molly and Jack are on their honeymoon and we hope that the newspapers will again settle down and give the subscribers something that will be of interest to all of the people. No doubt but what there are a lot of poor boys and girls that are married by a Justice of the Peace in a one-horse town who have accomplished much more in life and all because they were not born with a silver spoon in their mouths. They fail to get any publicity and not even a chance to o. k. a brand of cigarettes for a thousand dollars or more. We think a right honorable thing to do would be for the big newspapers to pick out a newly wed couple who doesn't have enough money to buy a sack of flour, put 'em on the radio, a lot of publicity, and give them a chance to make a little dough. And to start the ball to rolling, this J. P. will marry free of charge, the first ten couples that come to our house between now and christmas.

Mr. and Mrs. Arlie Cassle and Mr. and Mrs. W. L. Boyd, Jr., went to the Carlsbad Caverns Saturday and Sunday to see the sights, some of them for the second or third time.

Mr. and Mrs. W. H. Miller and daughter, Patsy of Denton, were guests of their sister, Mrs. E. L. Jenkins and family last week.

The Herald has received a nice check from Miss Juanita Flenniken, who writes her letter on the stationery of the Lamesa National Bank. She is a former Hamlin girl and a graduate of the Hamlin High school. Thank you, Miss Flenniken, hope you will enjoy the Herald.

Mr. and Mrs. Fed Britton have moved into their new home recently purchased from Dr. Bynum, and are now enjoying the new scenes on Union Avenue. Mr. and Mrs. Britton did a great deal of remodeling, rewiring and refinishing before moving in. Fed says, "Now I'm thinking of adding an extra room, maybe on top." That means he wants the air and to move higher up he can get it.

Mrs. A. W. Puett of Safford, Arizona and her children from the Masonic Home in Fort Worth are visiting Mrs. Puett's brother and family, Mr. and Mrs. Otto Welch.

Mrs. P. A. Fowler, Eva Louise, and Paul, Jr., returned Sunday from a visit in Wichita Falls.

Miss Dovie Lois and Rebecca Grubb are spending the rest of this month with relatives and friends in Midland, Odessa and Monahans. Their father took them over to Midland Sunday.

Carl Young went down to Mt. Pleasant Sunday to accompany Mrs. Young and children back home after a two weeks' visit.

Mrs. W. C. Hamrick and little daughter Stella Mae are spending the week with her sister, Mrs. Pete Holitzke in Dayton, Texas.

Mrs. Harold Johnson of Chicago arrived Tuesday to visit with her husband's parents, Mr. and Mrs. T. E. Johnson. This is her first visit to Texas. Harold is in the army now in Tennessee.
